Paul, I checked and was told:

"We do not actively recruit from Intel, though we do accept inbound applications. Arnon will run the diligence and report back to you on the facts. If we find that a recruiter called into Intel, we will terminate the recruiter. We take these relationships exceptionally seriously"

I'm very sorry if indeed a recruiter (who are sometimes contractors) did this; if so we will address asap. Thank you very much for letting me know and please let me know if this continues to happen/happens again.

Eric
